

5 Important rules in terms of animal health

Animal health comes first - taking joint action against foot-and-mouth disease

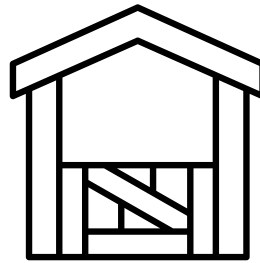

Use disinfection

Please use the disinfection facilities provided.

No direct animal contact

No direct contact with cattle, goats, pigs or sheep at present.

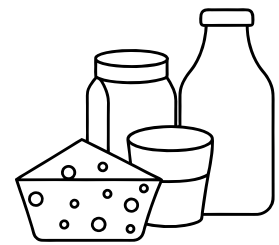

Stables and pastures off limits

Please do not enter any stables or pastures without express permission.

Wash your hands

Wash and disinfect your hands before and after every contact with animals.

Do not bring food

Do not bring any meat, milk or cheese products from abroad and never feed them to animals.
